BRIEF REPORT OF THE ACTIVITY:

The NSS unit of SSJIPER College conducted a Abhiyan on "Vyasan Mukti" on 17th July 2023 at the convention centre of SSJIPER college. The programme was conducted by the first year students of M.Pharm. The speakers included Principal Dr.S.D.Barhate who shared their knowledge and expertise with us. The event started with the introduction of our programme followed by a brief talk by our Prof.S.J.Tadvi and Prof.P.S.Nawal. A video was shown to the audience as to how drugs and harmful substances harm people themselves as well as people around them. Prof. S.B.Borase emphasised on the harmful effects of abusive substances and warned students against it. Mrs. Swati Rathod emphasised on how women need to be safe in this world. The event was followed by a vote of thanks for our speakers by the Programme Officer. Students felt informed and educated. The convention centre was jam packed with students making this event a great success.

Report On Tree Plantation programe

"Report On Tree Plantation"

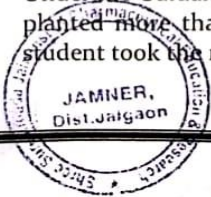

"MY EARTH – MY DUTY"

Every man needs the oxygen for their life and Trees are the foremost source of oxygen as well trees help to reduce the level of co2.

As we all know that the whole world is facing the problem of global warming and to recover from such problem planting the trees has become one of the most important today's aspects.

The NSS Unit of SSJIPER Jamner organized **"Tree Plantation"** programme **"MY EARTH – MY DUTY"** under the National Service Scheme (NSS) on Wednesday, 19th June, 2024 at supari bagh and as in the college campus. It was attended by NSS Programme Coordinator, college staff and 10 student volunteers.

Under the Guidance of Asst. Prof. P.S.Nawal, NSS Program Coordinator, NSS volunteers planted more than 10 trees. The students also placed bricks as barricades and each student took the responsibility to nourish and maintain the allocated plant.

Report On Tree Plantation programe

“Report On Tree Plantation”

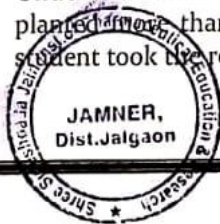

“MY EARTH – MY DUTY”

Every man needs the oxygen for their life and Trees are the foremost source of oxygen as well trees help to reduce the level of co2.

As we all know that the whole world is facing the problem of global warning and to recover from such problem planting the trees has become one of the most important today's aspects.

The NSS Unit of SSJIPER Jamner organized “Tree Plantation” programme “MY EARTH – MY DUTY” under the National Service Scheme (NSS) on Wednesday, 11th feb, 2023 at supari bagh and as in the college campus. It was attended by NSS Programme Coordinator, college staff and 10 student volunteers.

Under the Guidance of Asst. Prof. P.S.Nawal, NSS Program Coordinator, NSS volunteers planted more than 10 trees. The students also placed bricks as barricades and each student took the responsibility to nourish and maintain the allocated plant.

Report On Road safety awareness programe

Report:

Road safety is a safety measure to reduce the risk of road accidents and road side injury because of the mistakes of people while driving on the road. We cannot count the daily road side accidents and death of people because of the driving mistakes and lack of road traffic rules followers. Every person going on the road has risk of injury or death.

Everyone needs to be well aware of the road traffic rules especially children and young people who are at significant road accident risks. It is found that most of the hospitalization cases and leading cause of death are because of the road trauma. Road safety is very necessary while being on the road and must know by all because road accidents are the leading cause of death. Everyone should learn the road traffic and safety rules at a very early age to perform safer behaviours in the later life.

Every year India loses more than 1.4 lakh people due to road-crashes with more than 60% of them being in the age-group 15-34 years as per Indian Central Govt. As of 2018-WHO Global Status Report on Road Safety, Road crashes are the leading cause of death among the youth (5-29 years of age) in the world with India being the table-topper across

the globe with more than 3 lakh road crash fatalities. Indian Road Safety Campaign, Solve in India works with a vision to make Indian roads safer via youth-led community driven multi- sectoral initiative.

As we all are well aware that road accidents, injury and death has been very common now-a-days. People not following the road traffic rules and road safety measures are the main cause of such accidents on the roads. We always hear in the news or by our friends about the road accidents because of the wrong side driving, lack of road safety rules, measures, high speed, drunk driving, etc. Government has made variety of road traffic and road safety rules for everyone using road for their safety and reducing the number of daily road accidents.

Road safety risks have been increased because of the driver distraction due to the use of cell-phone or other electronic devices while driving. Lack of knowledge and awareness regarding road traffic rules and regulations, violation of traffic rules, flaws in road design and engineering, along with driver behaviour, can be overcome with concerted effort. Road safety measures are the tools can save from the expensive traffic fines, serious offences, removal of driving licenses, etc. Pedestrians also know the rules of walking on the road like proper use of crosswalks, use of zebra crossing, etc.
