Academic Report on Eight days Self Defense Martial art training crash Course

Introduction

This report presents an overview and analysis of the Eight-day Self Defense Martial arts training crash Course conducted by the Chhatrapati Shahu Maharaj Krida Prasarak Mandal's Dragons Sports Club, Jamner in collaboration with the Shree Sureshdada Jain Institute of Pharmaceutical Education and Research, in January 2024. Self-defense martial arts training crash courses play a crucial role in contemporary society by actively imparting essential skills and knowledge to enhance personal safety and security. These intensive programs, typically spanning a condensed period, offer numerous benefits and address key aspects relevant to individuals seeking practical self-defense abilities.

The significance of crash course:

1. Immediate Skill Acquisition and Application
2. Psychological Empowerment and Confidence Building
3. Time-Efficiency and Accessibility
4. Realistic Scenario Simulation and Practical Application
5. Personal Safety and Empowerment in Vulnerable Populations

Participant: Ten students from each class enrolled as participants. Forty participants enrolled in the crash course on self-defense martial arts.

Curriculum of the Course: Fundamental training steps:

The Basics of Computer course, organized by the JTES's, Shree Sureshdada Jain Institute of Pharmaceutical Education and Research, Jamner, in association with Ram Computers, Jamner, aims to equip students with fundamental computer skills essential for their academic and professional development. This course covers key topics such as computer hardware and software, operating systems, Microsoft Office applications, internet usage, and basic programming concepts. Through a combination of theoretical lessons and hands-on practice, students will gain proficiency in using computers effectively for their studies and future careers. The course also emphasizes the importance of digital literacy in the modern pharmaceutical industry, ensuring students are well-prepared for the technological demands of their field.

Objectives:

- To understand the course's impact on students' technical competencies and identify areas for enhancement.

• **Participants:** A total of thirty-three, First-year B. Pharm students enrolled in the course.

• **Curriculum Structure:** Fifteen days of courses divided into five modules as follows

Module 1: Introduction to Computers: Covers basic concepts of computer hardware and software, operating systems, and common applications used in pharmacy settings.

Module 2: Office Productivity Software: Focuses on using word processors, spreadsheets, and presentation software for managing pharmacy-related tasks.

Module 3: Introduction to Programming: Introduces basic programming concepts, emphasizing data analysis and automation relevant to pharmacy practice.

Module 4: Databases and Data Management: Covers database concepts and the use of database management systems to handle patient records and pharmacy inventory.

Module 5: Practical Applications: Involves hands-on projects where students apply skills to real-world scenarios, such as automating inventory management or patient data.

Attendance

Conclusion: The basic computer and programming course at SSJIPER in association with Ram Computers with effectively prepares pharmacy students with essential technical skills relevant to their field. The course's strengths include a clear and practical curriculum, robust support systems, and relevant hands-on projects. The informative sessions delivered by Mr. Sandip R. Galkwad, along with the recognition through certificates, further enhance the overall student experience. However, to maximize its effectiveness, the course should incorporate more advanced topics and provide additional resources for students with varying levels of prior knowledge. Continuous curriculum updates and the integration of current industry practices will ensure the course remains relevant and impactful.

Academic Report on 30-Day Yoga Course

Introduction

This report presents an overview and analysis of the 30-day yoga classes conducted by the Antarang Yoga Classes in collaboration with the Shree Sureshdada Jain Institute of Pharmaceutical Education and Research, in January 2024. The program aimed to promote physical fitness, mental well-being, and stress management among participants through daily yoga sessions.

Objectives

The primary objectives of the 30-day yoga classes were:

1. To enhance physical flexibility and strength.
2. To promote mental relaxation and stress relief.
3. To teach participants various yoga postures and breathing techniques.
4. To encourage the adoption of a regular yoga practice as part of a healthy lifestyle.

Methodology

The program was structured to provide daily one-hour yoga sessions accessible to all registered participants. Sessions are conducted online via Zoom meetings.

The curriculum included:

1. Warm-Up Exercises: Gentle stretching and breathing exercises to prepare the body.
2. Asanas (Postures): A mix of standing, seated, and supine poses focusing on flexibility, strength, and balance.
3. Pranayama (Breathing Techniques): Various breathing exercises to enhance lung capacity and promote relaxation.
4. Meditation and Relaxation: Guided meditation and relaxation techniques to conclude each session.

Curriculum

The Basics of Computer course, organized by the JTES's, Shree Sureshdada Jain Institute of Pharmaceutical Education and Research, Jamner in association with Ram Computers, Jamner, aims to equip students with fundamental computer skills essential for their academic and professional development. This course covers key topics such as computer hardware and software, operating systems, Microsoft Office applications, internet usage, and basic programming concepts. Through a combination of theoretical lessons and hands-on practice, students will gain proficiency in using computers effectively for their studies and future careers. The course also emphasizes the importance of digital literacy in the modern pharmaceutical industry, ensuring students are well-prepared for the technological demands of their field.

- Objectives:
 - To understand the course's impact on students' technical competencies and identify areas for enhancement.
- Participants: A total of thirty-three, First-year B. Pharm students enrolled in the course.
- Curriculum Structure: Fifteen days of courses divided into five modules as follows

Module 1: Introduction to Computers: Covers basic concepts of computer hardware and software, operating systems, and common applications used in pharmacy settings.

Module 2: Office Productivity Software: Focuses on using word processors, spreadsheets, and presentation software for managing pharmacy-related tasks.

Module 3: Introduction to Programming: Introduces basic programming concepts, emphasizing data analysis and summation relevant to pharmacy practice.

Module 4: Databases and Data Management: Covers database concepts and the use of database management systems to handle patient records and pharmacy inventory.

Module 5: Practical Applications: Involves hands-on projects where students apply skills to real-world scenarios, such as automating inventory management or analyzing patient data.

Education & Research, Jamner, Dist. Jalgaon

- **Instructor's Impact:** Mr. Sandip R. Gulikwad, who delivered the sessions, received high praise from students for his informative and engaging teaching style. Students found his sessions particularly helpful in understanding complex concepts and appreciated his approach to making the material accessible and relevant to their field.
- **Conclusion:** The basic computer and programming course at SSJIIPER in association with Ram Computers effectively prepares pharmacy students with essential technical skills relevant to their field. The course's strengths include a clear and practical curriculum, robust support systems, and relevant hands-on projects. "The informative sessions delivered by Mr. Sandip R. Gulikwad, along with the recognition through certificates, further enhance the overall student experience. However, to maximize its effectiveness, the course should incorporate more advanced topics and provide additional resources for students with varying levels of prior knowledge. Continuous curriculum updates and the integration of current industry practices will ensure the course remains relevant and impactful."

Curriculum

Academic Report on Eight days Self Defense Martial art training crash Course

Introduction

This report presents an overview and analysis of the Eight-day Self Defense Martial arts training crash Course conducted by the Chhatrapati Shahu Maharaj Krifa Prasarak Mandal's Dragons Sports Club, Jamner in collaboration with the Shree Sureshdada Jain Institute of Pharmaceutical Education and Research, in August 2024. Self-defense martial arts training crash courses play a crucial role in contemporary society by swiftly imparting essential skills and knowledge to enhance personal safety and security. These intensive programs, typically spanning a condensed period, offer numerous benefits and address key aspects relevant to individuals seeking practical self-defense abilities.

The significance of the crash course:

1. Immediate Skill Acquisition and Application
2. Psychological Empowerment and Confidence Building
3. Time-Efficiency and Accessibility
4. Realistic Scenario Simulation and Practical Application
5. Personal Safety and Empowerment in Vulnerable Populations

Participant: Ten students from each class enrolled as participants. Forty participants enrolled in the crash course on self-defense martial arts.

Curriculum of the course : Fundamental training steps:

Dr. S.D. Barhate
PRINCIPAL
Shree Sureshdada Jain Institute of Pharmaceutical Education & Research, Jamner, Dist. Jalgaon

Level I 3 sets Level II 5 sets Level III 7 sets 1. 2 minutes rest

Conclusion

In conclusion, crash courses in self-defense martial arts play a crucial role in equipping individuals with essential skills for personal safety and security. By offering rapid skill acquisition, fostering psychological empowerment, and promoting practical application, these intensive programs contribute significantly to enhancing individual confidence and preparedness in navigating today's dynamic and potentially hazardous environments. The students responded enthusiastically and expressed gratitude to the training chief instructor Mr. Anand R. More, the Chhatrapati Shahu Maharaj Krifa Prasarak Mandal's Dragons Sports Club, Jamner. Upon completing the prescribed course, Students were awarded certificates in recognition of their achievements.

ESTD-2005

Curriculum

A twenty-day online certificate course on the "Communication Skills and Personality Development Programme" was organized by SSIIPER, Jamner, in collaboration with Ankuram Education Foundation, Nashik, in October 2023. The course was designed for first-year B. Pharm students to improve their personality and communication skills.

Some key communication skills that are essential for success

- Active listening
- Adapting your communication style to your audience
- Friendliness
- Confidence
- Giving and receiving feedback
- Volume and clarity
- Empathy
- responsiveness

The objectives of the Course:

- The objective of the program is to teach participants to work with various professionals, people, and groups to understand the meaning of life and work in the present context;
- To enhance their communication skills and interpersonal skills to function in professional and social settings effectively.
- **Curriculum:**
- Enrich the academic language skills for academic writing and presentations.
- Understand effective planning, time management, and implementation for setting goals and achieving both personal and professional goals by group discussion.

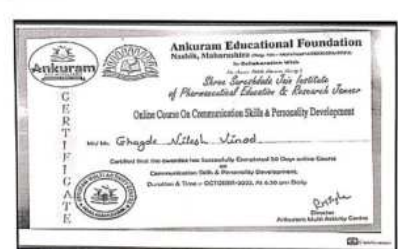

to evaluate oneself for further growth, personally and professionally.

Dr.S.D.Barhate
PRINCIPAL
 Shree Sureshdada Jain Inst. of Pharmaceutical Education & Research, Jamner, Dist. Jalgaon

Effective communication skills and personality development are essential for both personal and professional success. Communication skills involve the ability to convey information, thoughts, and feelings clearly and effectively to others. Meanwhile, personality development focuses on enhancing one's traits, behaviors, and attitudes to improve personal and social relationships.

In October 2023, first-year B. Pharm students participated in a twenty-day online certificate course on the "Communication Skills and Personality Development Programme." Organized by SSIIPER, Jamner, in collaboration with the Ankuram Education Foundation, Nashik, this course aimed to improve students' personalities and enhance their communication skills. The students responded enthusiastically and expressed their gratitude to Mr. R. M. Ingole for providing a platform that helped build their confidence.

Upon completing the prescribed course, students were awarded certificates in recognition of their achievement.

Curriculum

The JITE's Shree Sureshdada Jain Institute of Pharmaceutical Education and Research, Jamner, in collaboration with Ram Computers, offers a Basics of Computer course designed to equip students with essential computer skills. This course covers fundamental topics including computer hardware, software, operating systems, internet usage, and Microsoft Office applications. By blending theoretical knowledge with practical experience, the course aims to enhance students' digital literacy, preparing them for both academic and professional success in the pharmaceutical field. In the modern healthcare environment, pharmacy professionals increasingly rely on computer technology for various tasks, including managing patient records, conducting research, and automating processes. Objectives:

- To understand the course's impact on students' technical competencies and identify areas for enhancement.
- Participants: A total of Thirty-four First-year B. Pharm students enrolled in the course.
- Curriculum: Fifteen days of courses divided into five modules as follows

Module 1: Introduction to Computers: Covers basic concepts of computer hardware and software, operating systems, and common applications used in pharmacy settings.

Module 2: Office Productivity Software: Focuses on using word processors, spreadsheets, and presentation software for managing pharmacy-related tasks.

Module 3: Introduction to Programming: Introduces basic programming concepts, emphasizing data analysis and automation relevant to pharmacy practices.

Module 4: Databases and Data Management: Covers database concepts and the use of database management systems to handle patient records and pharmacy inventory.

Module 5: Practical Applications: Involves hands-on projects where students apply skills to real-world scenarios, such as automating inventory management or patient data.

JAMNER, Dist. Jalgaon

- Instructor's Impact:** Mr. Sandip R. Galkwad, who delivered the sessions, received high praise from students for his informative and engaging teaching style. Students found his sessions particularly helpful in understanding complex concepts and appreciated his approach to making the material accessible and relevant to their field.
- Conclusion:** The basic computer and programming course at SSJIIPER in association with Ram Computers with effectively prepares pharmacy students with essential technical skills relevant to their field. The course's strengths include a clear and practical curriculum, robust support systems, and relevant hands-on projects. "The informative sessions delivered by Mr. Sandip R. Galkwad, along with the recognition through certification, further enhance the overall student experience. However, to maximize its effectiveness, the course should incorporate more advanced topics and provide additional resources for students with varying levels of prior knowledge. Continuous curriculum updates and the integration of current industry practices will ensure the course remains relevant and impactful."

Introduction
This report provides an overview of a yoga program organized by Antarang Yoga Classes in collaboration with the Shree Sureshdada Jain Institute of Pharmaceutical Education and Research, held in February 2020—the course aimed to promote physical health and mental well-being.

Objectives
The primary objectives of the offline yoga program were:
1. To improve participants' physical fitness, focusing on flexibility, strength, and balance.
2. To promote mental relaxation, alleviate stress levels, and cultivate mindfulness overall.
3. To educate participants on various yoga postures, breathing techniques, and meditation practices.
4. To foster a supportive environment that promotes social interaction and enhances emotional well-being.

Methodology
The program was structured to provide daily one-hour yoga sessions accessible to all registered participants. Sessions are conducted online via Zoom meetings.
1. Warm-Up and Pranayama: Gentle stretching and controlled breathing exercises to prepare the body and focus the mind.
2. Asanas (Yoga Postures): Progressive sequences of postures to enhance flexibility, strength, and balance.
3. Meditation and Relaxation: Guided meditation sessions aimed at calming the mind and promoting inner peace.
4. Group Discussions: Opportunities for participants to share their experiences and insights on yoga practice, fostering a sense of community.
Participant
A Total of Sixty-six Second Year B. Pharma students enrolled in the Yoga course

Curriculum of the course
The Thirty days program was structured to provide a comprehensive yoga experience:
1. Foundation Phase:
- Introduction to basic yoga postures and breathing techniques.
- Emphasis on proper alignment and posture awareness.
2. Intermediate Level:
- More complex yoga postures to build strength and flexibility.

- Integration of theory sessions (Theory) and laboratory parts.
 - 3. Deputing, Practice Phase:
 - Advanced type projects, including innovation and handbook.
 - Focus on health control (preventive), radiation techniques, and midlife practices.
 - Conclusion
- The yoga program conducted by Antarang Yoga classes effectively promoted physical health, mental well-being, and community bonding among participants. The structured curriculum and expert teacher Mrs. Smita R. Solanki contributed to positive outcome in participants' physical fitness and emotional resilience.

CURRICULUM

Academic Report on Eight days Self Defense Martial art training crash Course

Introduction

This report presents an overview and analysis of the Eight-day Self Defense Martial art training crash Course conducted by the Chhatrapati Shahu Maharaj Krida Prasarak Mandal's Dragons Sports Club, Jamner in collaboration with the Shree Sureshdada Jain Institute of Pharmaceutical Education and Research, in August 2024. Self-defense martial arts training crash courses play a crucial role in contemporary society by swiftly imparting essential skills and knowledge to enhance personal safety and security. These intensive programs, typically spanning a condensed period, offer numerous benefits and address key aspects relevant to individuals seeking practical self-defense abilities.

The significance of the crash course:

1. Immediate Skill Acquisition and Application
2. Psychological Empowerment and Confidence Building
3. Time-Efficiency and Accessibility
4. Realistic Scenario Simulation and Practical Application
5. Personal Safety and Empowerment in Vulnerable Populations

- Participants: Ten students from each class enrolled as participants. Forty participants enrolled in the crash course on self-defense martial arts.

Fundamental training steps:

In conclusion, crash courses in self-defense martial arts play a crucial role in equipping individuals with essential skills for personal safety and security. By offering rapid skill acquisition, fostering psychological empowerment, and promoting practical application, these intensive programs contribute significantly to enhancing individual confidence and preparedness in navigating today's dynamic and potentially hazardous environments. The students responded enthusiastically and expressed gratitude to the training their instructor Mr. Anand R. More, the Chairperson Shri. Mahendraji Krida Prasarak Mandal's Dragons Sports Club, Jamner. Upon completing the prescribed course, Students were awarded certificates in recognition of their achievements.
