SHODH Approach

Following is the 4 step SHODH approach to facilitate greater set of activities through a formal Memorandum of Understanding (MoU) and maximise the credentials mandated by authorities like NAAC. We strive to support our partner institutions by giving the best services and mapped outcomes of those services. End result is strong standing during accreditation process.

Outcomes –

- ✓ MoU as per NAAC and AICTE recommendations
- ✓ Multiple activities for Student and Faculty Development at college and outside
- ✓ Sessions and workshops start from 3 hours to 45 days based on expertise level
- ✓ Employability enhancement and Skills needed by Pharma industry
- ✓ Soft Skill development for Students
- ✓ 100% Job Placement Assistance to students through campus, pooled campus and off campus interviews
- ✓ Student training and placement data generation as demanded by NAAC
- ✓ Enhance institutional credibility through structured Student Training and Placement activities

Remarks –

We conduct 1 day workshop by the name “#PharmaFastrack” for students interested in Pharmaceutical and Biotech industry. Intention of the workshop is greater awareness in students of Pharma industry, career opportunities and required skill sets. Over 1200 students have already attended this in the past.

We would be more than happy to conduct this event in your campus for your students at nominal fees of Rs. 500 per student. Students are given certificate of participation at the end of the workshop. This would be a great first activity under Industry-Academia interface to initiate this association.
