Report on Green Campus & Environment-Facilities & Activities at SSJIPER Jamner

As the Principal of SSJIPER College of pharmacy, I am pleased to tell on the various initiatives taken by our institution to promote green campus and environment friendly facilities and activities.

We believe that it is our responsibility to reduce our environmental impact and promote sustainable practices. To this end, we have implemented several measures to minimize our Carbon footprint and create a cleaner and greener environment for our students and staff.

Waste management: we have implemented a source segregation system for the collection of dry and waste, with colour coded waste bins placed at every corner and common room, our housekeeping staff is trained to follow these waste management practices, and collected waste is handed over to the local authority for proper disposal.

Paperless operations-we have a developed ERP System for all academics and administrative Activities to minimize paper usage. This includes online admission-learning platforms and digital record keeping.

Energy Conservation: we have implemented several measures to conserve energy including using energy effective lighting and conditioning system, installing LED light and encouraging the uses of natural lights and ventilation.

Water Conservation: we have installed rain water harvesting system, low flow fixtures and reduce wastage

Green spaces: We have created green spaces on our campus, including botanical garden, herbal garden. We promote biodiversity but also provide a natural space for our students to relax and unwind.

Environment: Friendly activities: we organize various environments friendly activities including tree plantation drives, eco-friendly celebration of festivals and awareness campaigns on environmental issues.

Notice-Green policies implemented by Sureshdada Jain College of Pharmacy, Jamner

Dear Students and staff,

We are happy to announce that Sureshdada Jain College of Pharmacy has implemented various green policies to decrease our environmental impact and support sustainability.

Our college has implemented a source isolation system for the collection of dry and waste with colour coded waste bins placed at every corner and common room, our housekeeping staff is trained to follow these waste management practices, and collected waste is handed over to the local authority for proper disposal.

To minimize paper usage, we have developed enterprises resources planning system for all academics and administrative activities. Additionally we collect the disposal of liquid waste from labs and washrooms through a well constructed drainage system.

In the terms of non-degradable waste management, and faculty members guide students on the proper use and handling of chemicals in the labs, we promote the use of less hazardous chemicals. We also disposal of water soluble chemicals through the sewage system after solubilizing them in water.

Moreover, we have banned the use of plastic on our campus to reduce non-degradable waste.

We wish that these policies will generate a cleaner and greener environment for all us to survival and work in. We support everyone to maintain these initiatives and help us to make a positive impact on environment.

Thank you for your collaboration.

Waste Management Guidelines

Relegate the waste: The first step in waste management is to classify the waste into different types such as biodegradable, non-biodegradable, hazardous and e-waste. This will aid proper disposal and re-cycling procedures.

Set up waste disposal section: At various places around the campus, laboratories, classrooms, canteens and administrative offices. Ensure that waste disposal sections are clearly marked and easily assessable.

Educate student & Staff: Importance of waste management, harmful effects of improper waste disposal and benefits of recycling. Organize regular campaigns, seminars and workshops.

Implement Waste segregation: Students and staff showed courage to separate waste into different categories, at the source itself. Provide separate bins for waste and ensure proper disposal of waste.

Encourage Re-cycling: Start a recycling centre on campus to recycle paper, plastic, glass and metal waste. Encourage students and staff to reduce waste by using reusable bags, bottles and containers.

Monitor west management: Regularly monitor waste management processes to ensure proper disposal and recycling of waste. Keep a record of them.

These guidelines can effectively manage the waste generated in the Sureshdada Jain College of Pharmacy and contribute to a clean and healthy environment.

Dear students, staff and faculty members,

We would like to convey to your awareness that Sureshdada Jain College of Pharmacy has implemented a plastic ban campus. **The use of plastic bags, water bottles, straws, and any other plastic item is strictly prohibited.**

This assessment has been made in an effort to reduce the amount of non-degradable waste generated on campus and to promote environmental sustainability. We apply for all members of the college community to cooperate in the implementation of this ban. Thank you for your cooperation.

We promote everyone to bring their own reusable bags, bottles, and apparatus to minimize the use of plastic on campus. Let's all work together to protect the environment and create a

Sustainable future.

Thank you for your cooperation.

Policy for Physically Disabled (Divyang)

Objectives

- To give necessary infrastructure for person with physical disability.
- To make access to higher education at institution inclusive for student with physical disability.
- To give barrier free access for carrying out activities lacking any hindrance.

Academics

- The students should be given a conducive environment for learning- comfortable seating in the class and laboratory.
- Books bank facility may be provided on case to case basis.

Examination

- The student must be given assistance for undertaking the examination as per the orders of competent authority.
- supplementary time to be given to the student as per regulatory guideline
- Arrangement of scribe should be done on case to case basic.
- Separate evaluation and singular provisions should be given on case to case basis.

Others regulations

- Human assistance may be provided for day to day activities.
- Provision of barrier free washrooms, ramp access should be there.
- Screen reader software should be available on website and other resources.

Report on Green Campus and Environment –Facilities and Activities at Sureshdada Jain College of Pharmacy, Jamner

As the Principal of Sureshdada Jain College of Pharmacy, I am Pleased to tale on various initiatives taken by our institution to promote green campus and environment friendly facilities and activities.

We believe that it is our responsibility to reduce our environmental impact and promote sustainable practices. To this end, we have implemented several measures to minimize our Carbon footprint and create a cleaner and greener environment for our students and staff.

Waste management: we have implemented a source segregation system for the collection of dry and waste, with color coded waste bins placed at every corner and common room, our housekeeping staff is trained to follow these waste management practices, and collected waste is handed over to the local authority for proper disposal.

Paperless operations-we have a developed ERP System for all academics and administrative Activities to minimize paper usage. This includes online admission-learning platforms and digital record keeping.

Energy Conservation: we have implemented several measures to conserve energy including using energy effective lighting and conditioning system, installing LED light and encouraging the uses of natural lights and ventilation.

Water Conservation: we have installed rain water harvesting system, low flow fixtures and reduce wastage

Green spaces: We have created green spaces on our campus, including botanical garden, herbal garden. We promote biodiversity but also provide a natural space for our students to relax and unwind.

Environment: Friendly activities: we organize various environments friendly activities including tree plantation drives, eco-friendly celebration of festivals and awareness campaigns on environmental issues.

Notice-Green policies implemented by Sureshdada Jain College of Pharmacy, Jamner

Dear Students and staff,

We are happy to announce that Sureshdada Jain College of Pharmacy has implemented various green policies to decrease our environmental impact and support sustainability.

Our college has implemented a source isolation system for the collection of dry and waste with color coded waste bins placed at every corner and common room, our housekeeping staff is trained to follow these waste management practices, and collected waste is handed over to the local authority for proper disposal.

To minimize paper usage, we have developed enterprises resources planning system for all academics and administrative activities. Additionally we collect the disposal of liquid waste from labs and washrooms through a well-constructed drainage system.

In the terms of non-degradable waste management, and faculty members guide students on the proper use and handling of chemicals in the labs, we promote the use of less hazardous chemicals. We also disposal of water soluble chemicals through the sewage system after solubilizing them in water.

Moreover, we have banned the use of plastic on our campus to reduce non-degradable waste.

We wish that these policies will generate a cleaner and greener environment for all us to survival and work in. We support everyone to maintain these initiatives and help us to make a positive impact on environment.

Thank you for your collaboration.
