It is commonly known that students who pass the GPAT test and are pursuing a Bachelor of Pharmacy degree are eligible for admission to PCI-approved universities in India upon completion of their degree program and for post-graduation admission (M. Pharm). The National Testing Agency (NTA) administers this test. Over forty students from SSJIPER College's final year B. Pharmacy took the test, but regrettably, only one of them passed when the results were released on July 1, 2023.

Mr. Patil Mayur Anil, the sole final-year B. Pharmacy student to qualify for the GPAT in 2023, is appreciated by the management, principal, teaching, and non-teaching staff.
