It is commonly known that students who pass the GPAT test and are pursuing a Bachelor of Pharmacy degree are eligible for admission to PCI-approved universities in India upon completion of their degree program and for post-graduation admission (M. Pharm). **NATIONAL BOARD OF EXAMINATIONS IN MEDICAL SCIENCES** conducted this test.

Approximately thirty students from SSJIPER College's final year B. Pharmacy appeared the exam, but sadly, only two of them qualified when the results were announced on July 8 2024.

Our final-year B. Pharmacy students, Mr. Vispute Kuldip Bhalchandra and Ms. Patil Minakshi Parmeshwar, are both qualified in GPAT-2024 and are highly appreciated by the Management, Principal, Teaching, and Non-teaching staff members.
